ATTENTION CELL PHONE AND INTERNET PHONE USERS

We purchase residential listings from Ameritech and CenturyLink for publication in the Leelanau Pages. However, some Leelanau County residents do not have a land phone in their home, or prefer to purchase telephone service through an Internet provider. In those cases, you may still have your phone number published in the Leelanau Pages. Also, summer residents may have their year-round phone number published as well as the number at their Leelanau County home. Please call 231-256-9827 or email subscriptions@Leelanaunews.com to make additions or corrections to your residential listing. Our goal at the Leelanau Pages is to publish as complete a directory as possible.
